Draft	2.5m - 3.7m
Displacement	32.500kg
Flag	Maltese
Visible at	Liguria
Price	Trattativa Riservata
SCADENZA CERTIFICATO SICUREZZA	N.A.

PRESENTATION

Professionally maintained vessel in like-new condition with a crew always present on board. Equipped and configured at the top, as befits a boat of this level, both in terms of comfort and technical aspects. Notable features include the telescopic keel that increases the draft from 2.50 to 3.70 meters and the Axxon carbon mast with park avenue boom. Flagship of the Grand Soleil Plus line, this 72 LC represents the excellence of Made in Italy. Conceived and coordinated by project manager Franco Corazza, it was designed by Matteo Polli for the waterlines, by Marco Lostuzzi for the structures, and by Nauta Design for the layouts and style both above and below deck. The result is an extremely elegant and modern boat, capable of excellent performance, while maintaining the expected comfort in navigation for a vessel designed for long cruises.

MOTORIZATION

Engine	Yanmar
Power	195HP
Engine hours	1000
Transmission	Shaft Drive
Propeller	4 foldable Flexofold blades with trimmers

LAYOUT

Cabins	3
Berths	6 + 0
Bathrooms	5
Sail storage	No
Crew cabin	Si
