

First 47.7

TECHNICAL SPECIFICATIONS

Shipyard	Beneteau
Year	2003
Design	Bruce Farr
Length	14.81m
Beam	4.5m
Draft	2.3m
Displacement	12.000kg
Flag	Italian
Visible at	Grecia
Price	145.000€ - VAT Paid
SCADENZA CERTIFICATO SICUREZZA	2026

PRESENTATION

This vessel is in excellent condition as it has had two owners who used it very conservatively. The boat, in fact, has never participated in regattas, has never been chartered, and has always been used carefully and sparingly. The engine has only 900 hours of operation. It is configured in the three-cabin, two-heads version with the owner's cabin forward featuring a double berth and an en suite head forward. Between 2024 and 2025, an important functional refit was completed: the rigging was renewed and all onboard electronics were updated, all running rigging was replaced with Dyneema lines, a new gennaker and trysail arrived. The bowsprit was also new, as well as the bimini and sun awnings. These are only the most important of the many interventions carried out: it is impossible to list in a few lines all the elements that have brought "Hulla" back to life. This is truly an excellent opportunity if you are looking for a robust and lively hull as the one designed by Bruce Farr for Beneteau and you want it in excellent condition and truly ready to sail.

MOTORIZATION

Engine	Yanmar 4JHT 3TE
Power	76HP
Engine hours	900
Transmission	Shaft drive
Propeller	J-Prop 3-blade feathering propeller

LAYOUT

Cabins	3
Berths	6 + 2
Bathrooms	2
Sail storage	Si
Crew cabin	No
