## PRESENTATION

This vessel represents a unique opportunity for those who appreciate the many qualities of the GS 45 JV. The beauty of the cherry mahogany interiors, splendidly preserved in this example, is breathtaking. The volumes are sumptuous and on-board comfort is guaranteed by Eberspaecher heating, the presence of a Spectra 60 l/hour desalinator, the powerful 3 kW Victron inverter, and the seawater intake in the kitchen. A Samsung smart TV is fitted on the main bulkhead and can also be comfortably viewed from the double berth obtained by lowering the table in the convertible saloon. On the deck, note the 6 oversized Harken winches (one of which is electric in the cockpit). Excellent sail equipment. A specimen not to be missed.
